European Conference on Heat Treatment 2011 „Quality in Heat Treatment“

International Advisory Committee

| | |
|--------------------------|---------------------------|
| S. Hock, Germany | D. Petta, Italy |
| H. Jäger, Austria | P. Stolar, Czech Republic |
| J. Läderach, Switzerland | B. Vandewiele, Belgium |
| R. Moulin, France | |

Scientific Program Committee

| | |
|--------------------------|---------------------------|
| H. Altena, Austria | S. Rufer, Switzerland |
| D. Brandstätter, Austria | R. Schneider, Austria |
| W. Hahn, Austria | P. Stolar, Czech Republic |
| J. Lüdtke, Liechtenstein | B. Vandewiele, Belgium |
| P. Margraf, Switzerland | H. Veltrop, Netherland |
| G. Nemeth, Austria | A. Viola, France |

3rd International Conference on „Heat Treatment and Surface Engineering of Tools and Dies“

Conference Chairman

| | |
|------------------------|---------------------|
| H. Jäger, Austria | B. Smoljan, Croatia |
| V. Leskovsek, Slovenia | |

International Advisory Committee

| | |
|-----------------------|--------------------|
| B. Birch, UK | P. Stratton, UK |
| L. Canale, Brasil | G. Totten, USA |
| D. Doyle, Australia | R. Wood, UK |
| K. Funatani, Japan | K. Xu, China |
| M. Grech, Malta | Y. Xu, China |
| P. Jacquot, France | H.W. Zoch, Germany |
| Z. Kolozvary, Romania | |

Scientific Program Committee

| | |
|-----------------------|---------------------------|
| K. Arimoto, Japan | M. Pellizzari, Italy |
| F. Cajner, Croatia | B. Podgornik, Slovenia |
| H. Danninger, Austria | R. Schneider, Austria |
| T. Filetin, Croatia | I. Schruoff, Germany |
| M. Jenko, Slovenia | W. Schützenhöfer, Austria |
| H. Jespersen, Sweden | M. Stupnisek, Croatia |
| H. Leitner, Austria | B. Sustarsic, Slovenia |
| B. Matijevic, Croatia | W. Theisen, Germany |
| R. Mesquita, Brasil | G. Vander Voort, USA |
| Ch. Mitterer, Austria | W. Waldhauser, Austria |
| P. Panjan, Slovenia | R. Zenker, Germany |

2nd Announcement & Call for Papers European Conference on Heat Treatment 2011 „Quality in Heat Treatment“

organised by: ASMET,
A3TS, AIM, ASTT/SVW,
AWT, VWT, ATZK

&

3rd Int. Conference on „Heat Treatment and Surface Engineering of Tools and Dies“

organised by: ASMET, CSHTSE, SSHT
with the support of IFHTSE

23-25 March 2011,
Wels, Austria

Further information will
be announced on: www.asmet.at

Scope and topics

This Conference is a combination of the **European Conference on Heat Treatment 2011 „Quality in Heat Treatment“** and the **3rd Int. Conference on “Heat Treatment and Surface Engineering of Tools and Dies”**.

The Conference will bring together managers and engineers from heat treatment shops, tool makers and users, suppliers of heat treatment and surface engineering plant and equipment, as well as materials scientists.

Main Topics:

European Conference on Heat Treatment 2011 „Quality in Heat Treatment”

- * Advanced equipment for high quality heat treatment processes
- * Measurement techniques, sensors and process control for heat treatment processes
- * Quality management and quality control in heat treatment
- * Heat treatment and material properties of high quality materials
- * Prediction of heat treatment processes by physical and numerical simulation
- * Analysis of the influencing factors on heat treatment processes

3rd International Conference on „Heat Treatment and Surface Engineering of Tools and Dies”

- * Heat treatment processes for tools and dies
- * Material and process selection for tooling
- * Physical metallurgy for the heat treatment of tooling materials
- * Advanced surface engineering for tooling applications
- * Physical and numerical process simulation for the heat treatment of tools and dies
- * Heat treatment response in the context of properties and microstructures of new tooling materials
- * Advanced equipment for the heat treatment and surface engineering of tools and dies

Call for Papers

Conference Language

The official language of the Conference will be English.

Deadlines

| | |
|---|-----------------------------------|
| Submission of abstracts (300- 400 words) | 15th Sept. 2010 |
| Acceptance of papers | 15th Oct. 2010 |
| Full papers | 15th Jan. 2011 |

Conference Location

The Conference will be held at the **Upper Austria University of Applied Sciences** in Wels, which has a strong focus on engineering and environmental sciences.

Experience the charm of Wels and its surrounding area. This historic city is situated in the heart of Upper Austria, between Vienna and Salzburg.

Preliminary Registration

Title: _____ Mr./Ms. _____
 NAME: _____
 SURNAME: _____
 COMPANY/INSTITUTE: _____
 STREET, NR.: _____
 POSTCODE: _____
 CITY: _____
 TEL.: _____
 FAX: _____
 E-MAIL: _____

- I want to submit a paper!
- I need information concerning exhibition!
- I need information about sponsoring possibilities!
- I need further information!
